

Evaluation for 2007 HSAA Volleyball Season

Instructions: You can greatly help HSAA improve its volleyball program by providing honest feedback to the following questions. If you should have any unresolved personal issues with a coach, I also encourage you to talk personally to that coach with your concern or concerns. Each of the coaches wants to be accountable to both the families and to HSAA in all respects. Both players and parents are encouraged to submit evaluations. Thank you for your support and for a great 2007 volleyball season.

—Marci Elkins, HSAA Volleyball Commissioner
